

CHURCH NEWS

We did not plan a church lunch in May because of the Wild West Picnic on the green at the Millennium Centre. Writing this after such a hot week it is difficult to imagine how wet and cold that day was. I know the Love to Sing Choir got very wet but I also know Hazel and her family had a stall for the church. Thank you. Perhaps we can have another lunch date, we will keep you informed.

The defibrillator is purchased but we are trying to connect up a security camera and our church walls are not helpful to modern technology, but we will get there and we are grateful to Dick Eyre, Chris S. Jo and Joan who have worked on this for some time now.

In April the MAD Company had their AGM and have donated £1000 to the church as a result of their yet again very successful pantomime. Many thanks for your generosity and we look forward to next year's production which is already in the planning stages.

It started in March 2025 when stewards from our church meet at Lindford with Rev. John Illsley, to discuss our mission plan.

Last October as a church we meet with John we discussed a set of questions, at the Annual Church Meeting we were told of the Circuit proposals and last Sunday after church the congregation again stayed to complete the prepared questionnaire with Rev. Dave taking away our answers to collate so a summary can be taken to the Circuit Leadership Team. Watch this space for the next stage.

Thank you so much for staying and being involved with our church's future mission plan.
