

FROM THE LEADERSHIP TEAM

As usual Chris and the team were able to fill the two consecutive local arrangements at the beginning of June and also the unexpected one at the beginning of July. Thank you to Chris for thinking of the themes and then choosing the appropriate hymns.

On the first Sunday in August we had a visit from the Girls and Boys Brigade from Wembley who were camping at Stanford. They have visited us for many years and we are pleased to see them especially if they help with the service.

As a result of our answers to the questionnaire we completed at the end of May the Circuit Leadership Team are now asking us three questions. These are going to be considered by the Church Council at a special meeting which will be held on Tuesday the 18th August. We will keep you our congregation informed of any developments.

The quiet time before the Sunday Service begins will have a trial period of three months and will be reviewed at the next Church Council in November.
